

JUSTEN L. JONES

Senior Developer | Development Manager

(708)-381-0366 | justenljones@gmail.com | Homewood, Illinois

PROFESSIONAL SUMMARY

Full-stack developer and development lead with 15+ years of experience building scalable web applications, modernizing legacy platforms, and leading cross-functional teams. Skilled at translating business needs into technical solutions that improve performance, usability, and ROI. Track record includes delivering enterprise-scale React/AEM platforms, automating CI/CD pipelines, and optimizing workflows at Fortune 500 companies including Amazon, Ford, and Juvare. Recognized for driving efficiency gains, reducing deployment times, and mentoring teams to ship faster with higher quality.

KEY SKILLS

JavaScript (ES6+)/TypeScript · React.js · Node.js · AEM · Azure · CI/CD Pipelines · RESTful APIs · SQL · HTML5 · CSS3 · Git · Python · Angular · UNIX

PROFESSIONAL EXPERIENCE

LEAD SOFTWARE DEVELOPER

Amazon, Chicago, IL

Sept 2024 – Present
